### ABOUT ME

Hi. I am a vocational high school student who loves leadership and business. The appeal of marketing to connect products with consumers using smart strategies intrigues me. I aspire to launch my own venture, using my leadership skills to guide the team and vision. In vocational school, I have honed my leadership skills, gaining business and technology insights. I am confident that combining my leadership, business and technology interests will shape my success in the business world.

### EXPERIENCES

#### SMK TI BAZMA

2021 - 2022

Student Council President

As student council president, I learned a lot about leadership, cooperation, and responsibility. I also communicate with many people. With the skills I have, I believe I can develop a company and lead a company someday.
